

# List of scholarships for women in the field of computer science & engineering

## 1. The Google Anita Borg Memorial Scholarship

Supporting women in technology, the Anita Borg Memorial Scholarship is offered by Google. This scholarship awards \$10,000 to female undergraduate and graduate students who demonstrate strong academic and leadership qualities. Applicants must be enrolled, or intend to be enrolled, in a program at an accredited university. Accepted degree programs include computer science, computer engineering or another closely related field of study.

**Application Deadline: 12/01/2019**

**Amount: \$10,000**

## 2. AAUW International Project Grants

To support the continuation of fellows' work after they return home, AAUW awards AAUW International Project Grants that benefit women and girls in the fellow's home country. The applicant must have successfully completed an AAUW International Fellowship, all reporting requirements for the fellowship, and the academic program for which they received the fellowship by June 30 and be a citizen of a country other than the United States. The project must be implemented in the applicant's home country and have a direct, positive impact on women and girls. For more information or to apply, please visit the scholarship providers' website.

**Application Deadline: 15/01/2019**

**Amount: \$7,000**

## 3. BHW Scholarship

The BHW Group offers a scholarship for women who are pursuing an undergraduate or master's degree and are majoring in science, technology, engineering, or mathematics (STEM fields) during the current school year. Applicants must write an essay between 500-800 words on either of the following topics: Tell us about your favorite app and what you like about it, and tell us about a time an app played a significant role in improving your day. For more information or to apply, please visit the scholarship provider's website.

**Application Deadline: 15/04/2019**

**Amount: \$3,000**

#### **4. Adobe Research Women in Technology Scholarship**

One part of creating the best products is bringing a diverse group of people together. To bring more gender diversity to the technology industry, we are pleased to invite applications for the inaugural Adobe Research Women-in-Technology Scholarship. The Adobe Research Women-in-Technology Scholarship recognizes outstanding undergraduate female students anywhere in the world who are studying computer science, computer engineering, or a closely related technical field. Applicants may not have a close relative working for Adobe Research. For more information or to apply, please visit the scholarship provider's website.

**Application Deadline: 31/10/2019**

**Amount: \$10,000**
